Résister, encore

18.2 – 15.5.2022

Thursday, February 17, 2022, at 10 am

MCBA, PLATEFORME 10

Place de la Gare 16, Lausanne

This group show - the last to be curated by Bernard Fibicher before he steps down as director in June – illustrates the forms of resistance (withdrawal, silence, resilience, outcry, indignation, protestation, action, refection, satire) that artists have developed when faced with the great challenges of our age. Those forms amount to survival strategies.
